Re: Cancellation of Reclamation Surety, Chemical Lime Company of Arizona, Grantsville Quarry Mine, M/045/028, Tooele County, Utah

Dear Mr. Kelley:

On July 15, 2003, we received notification from Travelers Casualty and Surety Company that within 90 days they are canceling the surety bond (# or non-payment of premium, and will be canceled effective October 21, 2003. The surety bond is posted as reclamation surety for Chemical Lime's Grantsville Quarry, located in Tooele County, Utah. We faxed a copy of the bond cancellation notification to Ms. Sylvia Flores on July 16, 2003. Another copy is attached for your reference.

The Utah Mined Land Reclamation Act requires an adequate surety be maintained for all large mining operations until the mine site is successfully reclaimed, allowing bond release. You are hereby advised that we must receive notification that the current bond has been renewed, or we must receive a replacement form of surety by September 16, 2003, or we will be forced to start surety forfeiture proceedings on the current bonding instrument.

Please contact me at (801) 538-5286 or Joelle Burns at 538-5291 to inform us of your intentions or to discuss this situation further. Thank you for your consideration and prompt attention to this important permitting requirement.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
